

Alaska's Inside Passage

Planning for Your Journey

Weather in Alaska's Inside Passage

Alaska's Inside Passage is located in the heart of a temperate rainforest. Warmed by ocean currents, the Inside Passage enjoys mild summers and rain is not unusual. Daytime temperatures typically range within 55-65° F. And, being in the north, daylight extends late into the evening.

Dress Code

Our dress code, including the dinner hour, is casual. The American Safari Cruises lifestyle emphasizes both elegance and comfort. Bring the clothes you feel most relaxed in and the ones you will be comfortable wearing during the included activities and excursions.

Stateroom and Yacht Amenities

We provide each stateroom with 2 robes, a hair dryer, alarm clock, umbrellas, towels and toiletries (shampoo, conditioner, lotion, and soap). Additionally, the yacht has several pairs of binoculars available on board for your use.

Packing for Your Yacht Cruise

Think active comfort when selecting outfits to bring with you. Each day you will have the opportunity to kayak or explore ashore. Plan to layer your clothes to adjust to different temperatures.

Here are some suggestions:

Pants and shorts: Jeans, khakis, or whatever you feel most comfortable wearing. Keep pants comfortable and durable. Temperatures can vary in the summer so pack at least one pair of shorts for possible warm weather. The yachts have rain pants available in several sizes on board for your use while kayaking or hiking, if necessary.

Shirts: Bring comfortable, casual shirts in versatile styles that can be layered if the weather requires. T-shirts, polo shirts (long sleeves), sweatshirts, sweaters, or turtlenecks are recommended.

Jackets: Warm & versatile rain jacket with a hood, a fleece or zip-up vest and/or casual jacket. Although unisex rain slickers are provided on board to supplement your outerwear, please plan on bringing your own as well to guarantee the most comfortable fit.

Shoes: Sneakers or comfortable, sturdy walking shoes, hiking boots (preferably waterproof). Waterproof wading boots are provided on board as well.

Cold weather clothes: Gloves or mittens, scarf, hat, and a pair of thick warm socks. Plan for cooler weather during off-yacht activities, such as kayaking, exploring by skiff and glacier viewing.

Sunny weather gear: sunglasses, sun block, a brimmed hat.

Bathing suit: for onboard hot tub and a possible stop at hot springs.

Binoculars: There are several binoculars on board for your use but you may be more comfortable bringing a pair that you are already familiar with. If you bring your own, please mark them with your name.

Camera and film: Don't forget to pack plenty of film, or have ample digital storage and batteries for your camera. You are bound to use more than you think you'll need. You may want to store your camera in a waterproof case and bring heavy-gauge resealable plastic bags as extra protection for your camera and film.
